

## **Assistant or Associate Professor of Mathematics**

**Miami University**

**Hamilton, OH**

Assistant or Associate Professor (two positions) to teach first- and second-year level courses with opportunities to teach in areas of specialty; provide service; maintain ongoing scholarly activity at appropriate level. The standard teaching load is currently 24 semester hours per year. Require: Ph.D. (obtained by August 2010) in mathematical science or mathematics education; demonstrated potential for high-quality teaching; willingness to teach in the new Bachelor of Integrative Studies program at Miami's regional campuses. For appointment as associate professor, require an established record of teaching and scholarship/research. Desire: Demonstrated ability to teach mathematics education courses; established record of strong teaching. Send letter of application, AMS cover sheet, curriculum vitae, statement of teaching philosophy, statement of service/civic engagement agenda, description of current research, and four letters of recommendation (at least one should address teaching) through [www.MathJobs.Org](http://www.MathJobs.Org); inquiries may be directed to [MUHsearch@muohio.edu](mailto:MUHsearch@muohio.edu). Screening of application begins January 15, 2010 and will continue until the positions are filled. Miami University is an equal opportunity-affirmative action employer with smoke-free campuses. Campus Crime and Safety Report is available at [www.muohio.edu/righttoknow](http://www.muohio.edu/righttoknow). Hard copy upon request. Women and minorities are encouraged to apply.
